REMINISCENCES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

On Sunday night, June 1, 1879, the old Spanishtown neighborhood, then the center of the coastside population, was the scene of another brutal murder, as usual the sequel of a drunken debauch. This time the victim was Elisha Clifford, a carpenter who had been employed at his trade in that neighborhood for some time, who was killed during the night in his cabin on the ranch of James Peace. During the evening of Sunday Clifford had been visiting the house of a neighbor, Geo. Moulton, where Antonio Peace, Moulton and his wife and a few others were gathered and where the party indulged in a drinking bout and all became considerably hilarious. Clifford left the place earlier in the evening than the rest of the party who remained to continue the spree, and before leaving borrowed a shot gun from Moulton, saying he wanted to hunt rabbits. Antonio Pease left the Moulton place shortly before midnight, but about an hour later returned and exhibited some slight wounds on his arm, claimed that he had been shot by Clifford. After Moulton had examined the wounds and found that they were but superficial Pease was ordered to leave the place a second time and no more was thougl of the matter during the night. The next morning parties passing the Clifford cabin noticed that the windows was broken and on looking into the place discovered the dead body of Clifford. The gun which he borrowed from Moulton the night before, however, was not to be found about the premises, and this fact, with the discovery that the cause of death was a gunshot wound instantly led to the suspicion of murder, which was made a practically certain fact by the finding of fresh shot marks on the outside of the sash of the broken window in the cabin.The finding of a heavy whip which belonged to Antonio Pease under this window threw suspicion on him, and this was later made almost a certainty by the finding of the borrowed gun in Pease's house, where it was hidden in the bedclothes. Pease was placed under arrest and at the inquest was charged with the murder. This murder created considerable feeling in the county, which was intensified by the fact that although there had been no less than 24 homicides committed in San Mateo county since the date of its organization, so far none of the guilty ones had been punished. In fact there had been but one single conviction, the defendant in that case being a Chinaman, and even he managed to escape from the county jail by the carelessness of the keper.

Just to keep the record of increase going, here are a couple more birth notices taken from the columns of the Times and Gazette: "Born, in Redwood City, June 3d, 1879, to Mr. and Mrs. James Crowe, a daughter." And "Born, in Redwood City, June 13th, 1879, to the wife of G. H. Rice, a son."

On the first week in July, 1879, Rev. H. E. Jewett, who for ten years had been the pastor of the Congregational church in Redwood City, tendered his resignation to the congregation, which was, after much consideration accepted, and on the 6th of July Mr. Jewett severed his connections with his pastorial work. For a time the church was without a regular pastor, it being impossible to decide upon a successor to the man who had been mainly instrumental in establishing the congregation. From here Mr. Jewett went to Oakland, where he had accepted a position with the faculty of Golden Gate Academy. That the ministry of Mr. Jewett had been a popular one was evidenced by the fact that the attendance at the church to hear his farewell sermon was the largest which had ever gathered at a service, bing composed of residents of the town of all faiths, to whom he had become endeared as a friend.

MORTGAGES ARE NOT TO BE ASSESSED.

Many inquires have been made at the assessor's office relative to the effect of the ratification by the people last November of Senate Constitutional Amendment No. 11, abolishing the assessment of mortgages. The following opinion of the Attorney General in response to a request from Hon. A. B. Nye, state controller is given relative to the subject:

"With respect to future official action concerning such mortgages and deeds of trust, the way is equally clear. Still bearing in mind the fact that in taxation matters, privant contracts connot impose or regulate official duty, the assessors are now deprived of authority, by the constitution to assess mortgages, trust deeds, etc. All laws concerning tax proceedings are in invitum and must be, by the taxing officers, strictly observed.

"Hence, for taxation purposes, mortgages and deeds of trust do not exist as taxable property, and any attempt to assess them would be void, as done in excess of and without authority of law.

"This does not affect the parties to the conract however, for as between them, the contract fixes their status and the matter of taxation concerning such mortgages is a part of the obligation of the contract which may not be impaired by either legislative action or constitutional amendment. In whatever way this obligation runs, the obligor must perform his obligation concerning such contract, and, the constitutional amendment nothwithstanding, the obligee may enforce such performance."

VAG IMPOSES SENTENCE; FIVE DAYS IN JAIL.

"I don't want any lawyer; I'll handle my own case, and I'll plea guilty," said Samuel Smith when he was arraigned before Justice of the Peace H. W. Lampkin on a charge of vagrancy Tuesday.

"You might as well handle the whole works and sentence yourself." said Justice Lampkin.

"No, I'd rather leave that to your honor," began the prisoner, but when the justice insisted, he agreed.

"I sentence myself to five days in the county jail for vagrancy,". said Smith to the surprise of the court.

He will serve his sentence.

Rambo is Out of a Job.

The newly appointed board of managers of the California Redwood Park met Saturday in Governor Johnson's office and dismissed S. H. Rambo, warden of the park, It was alleged that Rambo had been rather a negligent superintendent. The new board was named under a bill which was introduced by Senator Holohan, who, represents San Mateo and Santa Cruz counties, its members being Professor Charles B. Wing of Stanford University, Rev. Robert E. Kenna of Santa Clara College, A. A. Taylor of Santa Cruz, and H. L. Middleton of Boulder creek, with the Governor as an ex officio member. The board chose Middleton to act as temporary warden, and this week will meet again to designate a permanent officer.

Death of Mrs. Frank Gray

Mrs. Gray, the wife of Frank Gray, one of the owners of the Gray Thorning Lumber Company, passed away unexpectedly Saturday at her home at Palo Alto from pneumonia. The deceased was 44 years of age and was a native of West Virginia, and up to the time she came to California had lived with her husband at Moundsville, W. Va. Her maiden name was Myra Wilson. She is survived only by her husband and near relatives, having no children to mourn her death. Mr. and Mrs. Gray came to Palo Alto in 1900. She was interred Sunday in Alta Mesa cemetery.

Game Districts Formed

Assembly bill 553, dividing the state into six fish and game districts, was passed Monday by the Senate, and now goes to the Governor for approval. With this enactment regulations to suit each district can be established by the Legislature, which heretofore has had to adopt one set of fish and game laws for the whole state. San Mateo county is in the Fifth district in which are also Contra Costa, Alameda, San Francisco, Santa Clara, Santa Cruz, San Benito, Monterey

CITY OFFICIAL PAPER

TIME FOR A CHANGE.

The report of the Assembly committee which has been investigating conditions at the penal institutions of the State indicate that there is serious need for the passage of Assemblyman Brown's proposed law to prohibit cruel and unusual punishment in our State prisons. That the management of these institutions have some hardened characters to deal with, and that there is necessity for the maintenance of the strictest discipline, no one will question. Few people, however, can be convinced that to accomplish this there is any necessity of inflicting torture to the very limit of human endurance. Such implements of torture as the straightjacket are relics of barbarism that have no place in these days of civilization, even in dealing with the most incorrigible.

PLANS FOR STREET WORK COMPLETED

City Council Approves Speifications for Improvements Aggregating $60,000.

City Surveyor Neuman and City Attorney Mansfield certainly got busy last week, and in consequence Trustee Hynding wore a happy smile at the meeting of the city council last Monday evening in spite of the dampening weather outside. Certainly it seems that the enthusiasm of Trustee Hynding for better street conditions has spread and there is to be no further delay in the good work, as an evidence of which the way was cleared for another section of pavements to cost nearly $60,000—and there is more yet to come.

Trustee Beeger was the only member of the council who declined to brave the storm of Monday night, and in spite of the fact that for a time business was transacted by the uncertain light of a neglected kerosene lamp, considerable important business was disposed of.

An application for a license for a saloon in the place conducted by the late Matt Wilson was presented by M. Flynn and J. B. Limbaugh and under the rules was referred to the committee on public health and morals.

Through his attorney, Archer Kincaid, E. F. Schumacher asked the trustees to give an expression of opinion as to whether or not a license for a saloon would be granted him if he erected a hotel building at the corner of Heller and Casia streets. In presenting the request attorney Kincaid stated that if Mr. Schumacher could be assured of the granting of the desired license he would immediately begin the erection of a hotel building to cost from $20,000 to $25,000 but could not see it as a profitable venture without the license for a bar in connection with the house. Trustee Hynding raised the point that the council had previously gone on record as refusing to grant licenses outside of a prescribed district and that this location came under this category, and this point received the sanction of Trustee Brown, who stated that the residents of the section affected had already signified some opposition to a saloon in their midst. After some little discussion, Chairman Merrill ruled that as no formal petition had been presented no binding action could be taken. Urged by Attorney Kincaid on behalf of his client to give some significant intimation of what action might be expected, it was finally decided that the request might be submitted to the members of the committee on public health and morals, with the understanding that the remainder of the council would abide by their decision.

City Attorney Mansfield submitted a revise contract with the Redwood City Water Co., following the suggestions made at the previous meeting and this was approved and ordered signed by the chairman of the board and city clerk.

Mayor Merrill informed the council that during the past week he had been in receipt of a number of communications from commercial bodies of Oakland and San Francisco, both proponents and opponents of the so-called "Greater San Francisco" legislative controversy, urging that the council go on record with their sentiments. Evidently the trustees did not feel disposed to take the liberty of voicing public sentiment for they unanimously declined to spend the time necessary to listen to the reading of the appeals, and passed the subject without comment.

A complete form of a call for the submission of plans for the new city hall was presented by City Attorney Mansfield and ordered published on motion of Trustee Hynding. Plans for the competition must be submitted at the meeting of the council April 17th, a premium of $300 being paid for the plans and specifications of the suc-

City Attorney Mansfield informed the council that from a cursory examination of the State Highway Act he was of the opinion that it contained nothing that would prevent the expenditure of a portion of the money on highways within the limits of incorporated cities, provided the same was a part of the general highway selected by the state board of engineering. Under this suggestion Chairman Merrill advised that property owners along the County Road get together for the purpose of urging that this thoroughfare be selected as a state highway.

SUPERVIRORS HOLD REGULAR MEETING

Harmonious Solution is Reached in Much Mixed Official Appointments.

The board of supervisors held an important meeting Monday, transacting considerable routine business.

Liquor licenses were granted to the following dealers whose applications had been presented at the first meeting in February:

First district—Henry Bauer, Colma; G. Welch, Visitacion; Emma C. Nilson, Colma; Chas. Reske and J. Linderman, Colma; J. Cawley, Salada Beach; D. F. Rossi, Colma; D. McSweeney, South San Francisco; Call Bros (Class B), Crocker Tract; Geo. Nick, (Class B), Hillcrest.

Fifth district—E. J. Montevaldo, San Gregorio; J. C. Amarel, Pescadero.

The following liquor dealers gave notice of intention to apply for licenses a month hence:

First district—Frank B. Knowles, Vista Grande; C. McAuliffe, Colma; W. C. Smith, San Bruno; Oliver H. Graves, Colma; Anderson & Lund, Visitacion; M. J. Custodio, San Bruno; Jas Murray, Colma; John Mori, Vista Grande.

Second district—C. P. Hawke, Belmont.

Third district—A. V. Kiefer, La Honda.

The applications of George Collop and George K. Pappis of the First township were laid over for one month at the request of Casey.

At the request of McEvoy the applications of those liquor dealers doing business in Menlo Park were laid over pending the result of litigation now in the Supreme Court.

A letter was read from H. C. Caldwell in which he complained that a certain street at Belmont, leading to the Southern Pacific right of way was occupied by buildings which obstructed the view of his hotel. The letter was referred, on suggestion of Supervisor Brown, to the district attorney to report at the next meeting.

A communication was received from residents at Hillcrest recommending that no more liquor licenses be issued at that place. The communication was accepted and filed.

The San Bruno Betterment Association sent a communication complaining the "Eagle's Roost" saloon at that place was conducted in a disreputable manner and without license. It was requested that a license be not issued to the place. The matter was referred to the district attorney and tax collector.

J. P. Crown was given permission to use the flag pole at the courthouse for experiments in wireless telegraphy.

A communication was received from the South San Francisco health department notifying the board that the jail in that place had recently been declared a nuisance. The communication was referred to Casey.

A petition was read signed by the citizens of San Bruno asking for the establishment of a fire district at that place. E. M. Pallis and A. A. LoReaux, who circulated the petition testified as to the genuineness of the signatures. J. McNeill, T. F. Brady and A. H. Gillespie were suggested as fire commissioners. Further hearing on the petition was deferred until the next meeting.

A petition was received from the Pacific Teiephone and Telegraph Co. asking permission to erect poles on the public road at Rockaway and Salada for the purpose of supplying those places with telephone service.

In answer to questions by District Attorney Swart, the company's representative, Geo. H. Howard, stated that it was the intention to establish pay stations at Rockaway and Salada. He knew nothing about giving a service to business houses or homes.

Mr. Swart stated that if the board granted the request of the telephone company it would be conceding its right to continue to occupy the county road with its line leading from Colma to the beach.

Francis insisted that before giving the company any more privileges it be required to build its line down to Montara. The people there demanded the service.

On motion of Francis, seconded by Casey, the petition was laid over for two weeks for investigation.

Attorney Kincaid presented a petition on behalf of Benjamin Cunha, asking that a franchise be publicaly sold to supply the residents of Halfmoon Bay and vicinaty with electricity for light and power.

Mr. Kincaid stated that his client would furnish a cash bond if the board required it for the faithful carrying out of his agreement, should he secure the franchise.

Francis informed the board that Cunha had attempted to install a plant at Halfmoon Bay but had failed to secure sufficient consumers. He needed additional territory and was therefore seeking a new franchise. Francis moved the adoption of the resolution. He was seconded by Brown and the motion carried.

W. T. Ford was granted a rebate of $50 on his liquor license.

No action was taken on the communication of J. F. Pankewiez of Vista Grande who requested that the membrs of the Socialist party be appointed on the election board of the Daly City in corporation election.

Brown stated that a large portion of the sewer mains of the Homestead sanitary district, having been improperly covered by the contractor, were now exposed and were a danger to travel. He produced a letter from William Heafey, the contractor who had installed the system, in which the letter stated that the work had been done to the satisfaction of the board.

Mr. Swart stated that he had examined the work at the request of Mr. Brown and considered it very poorly done.

On motion of Blackburn, seconded by McEvoy, the matter was referred to Brown who will confer with the trustees of the district and report back to the board at the next meeting.

One bid, that of McGarvey, Hess & Kreiss, was received, offering to furnish 800 yards of loam and 300 yards of fertilizer for the courthouse grounds at one dollar per yard. The bidders agreed to deliver the material at the curb, Mr. Kreiss stating that it would be practically impossible to drive into the grounds at this time of the year.

The bid was accepted and the contractors directed to start the work when practicable.

The matter of supplying the courthouse grounds with loam was referred to McEvoy.

The action of the board at the last meeting in appointing J. F. Davis and James Parker, justice of the peace and constable of the First township respectively, was rescinded and both gentlemn re-appointed in accordance with the new law just enacted at Sacramento.

McEvoy called Francis to the chair and taking the floor he stated that at the last meeting he had moved to reconsider Brown's motion declaring the office of county physician vacant. He took this action believing that it was no more than the courtesy that was due Dr. Brooke, who had filled his office faithfully, to be allowed to tender his resignation. Since the meeting he had received the resignation of Dr. Brooke. He now asked the board to reconsider its action and so moved. The motion was seconded by Brown and carried.

McEvoy then read Dr. Brooke's resignation and moved that it be accepted, to take effect April 1st. This motion was also seconded by Brown and carried.

Brown moved that Dr. Wood C. Baker be appointed to fill the vacancy. He was seconded by Francis and the motion carried.

Mr. McEvoy thanked the members for their harmonious action and returned to the chair.

The communication of W. R. Emerick protesting against the establishment of a fire district at San Bruno was ordered filed.

District Attorney Swart, who with Supervisor Casey and Surveyor Neuman, was appointed to investigate the condition of San Mateo avenue at San Bruno, stated that the waterway along that thoroughfare was gradually washing the road away. He believed, however, that the county had lost its rights and could not compel those who had diverted the stream to its present course to change it.

Mr. Neuman suggested a retaining wall to protect the road. Regarding the Spring Valley flume at San Bruno, he believed that it should be placed below the surface of the ground.

The committee will give the matter further invesigation and report again two weeks hence.

Mr. Neuman was directed to lay out the sidewalk lines in San Mateo Park to enable the residents to plant ornamental trees along the streets.

At the request of McEvoy and on motion of Francis, seconded by Casey, the surveyor was directed to act in conjunction with the surveyor of Santa Clara county in preparing plans for a new bridge across the San Francisquito Creek to take the place of the bridge washed away during a late storm, and also to make a survey of a portion of the Walsh road.

Clerk Nash reported that he had received a duplicate from the German-American Insurance Company of the insurance on the county farm buildings.

John O'Farrell was authorized to cut down the two large palms in front of the courthouse. He was also directed to secure the necessary plants and shrubs for planting in the grounds.

Mr. O'Farrell stated that some of the drain pipes installed in the grounds by R. C. Holmquist were not on the proper grade and although he had requested Mr. Holmquist to change them the latter had paid no attentoan to him.

Francis suggested that a satisfactory response might be forthcoming were the clerk to make the request instead of Mr. O'Farrell as Mr. Holmquist and the superintendent were not on the most loving terms. It was so ordered on motion of Francis, seconded by Brown.

Mr. Swart stated that the attorneys for the Spring Valley Company in the suit to quiet title under the McEnerney act would prepare their own maps which would be acceptable to the recorder.

NO REASON FOR IT
When Redwood City Citizens Show the Certain Way Out.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of kidney ills when relief is so near at hand and the most positive proof given that they can be cured.

Read what a Redwood City citizen says:

Fred Hassler, 101 Stambaugh St., says: "My kidneys were badly disordered and the kidney secretions were unnatural. Knowing that difficulties of this kind often resulted seriously if allowed to go unchecked, I was anxious to get relief. Seeing Doan's Kidney Pills highly recommended, I got a box at P. A. Ryan's Drug Store, and their use completely removed the symptoms of my trouble. In July, 1907, I publicly testified in favor of Doan's Kidney Pills and at this time I gladly confirm that statement. During the past two years, I have been free from kidney complaint. This fact justifies my speaking more highly than ever of Daan's Kidney Pills."

Asphalt—a Good Pavement—But Poor Roofing

No matter how good asphalt may have proved for other purposes, it makes but the poorest of roofings.

The fault is not with the asphalt itself. It is that asphalt cannot be applied to a roofing as it is to a roadway. For to impregnate asphalt into a roofing, it must be fluxed with volatile oils.

Under the rays of the sun these oils evaporate. They are drawn to the surface of the roofing in little globules. And slowly they are absorbed by the air.

Networked With Holes

Where there was a globule of oil, there remains a hole. Behind the hole, there must be a channel. And these channels, tiny though they be, form a network which leaves a porous instead of a solid roof. They leave a roof which is watersoaked instead of waterproof. That is why asphalt roofs, in scores of tests, have failed to withstand the weather.

Ruberoid roofing is not an asphalt roofing. It is not a tar roofing, not an asbestos roofing, not a rubber roofing.

Its wonderful properties are due to the exclusive use of Ruberoid gum—which makes it heat proof, cold proof, rain proof, snow proof.

And a roof of Ruberoid is so nearly fireproof that hot coals thrown upon it will set fire neither to the roofing nor to the timbers underneath. Because there are no volatile oils to evaporate, a roof of Ruberoid retains its flexibility.

The first Ruberoid roofings ever applied—more than seventeen years ago—are still waterproof and weather-tight.

No other roofing has stood such a test, for Ruberoid was the first ready roofing by several years.

Unlike asphalt and other ready roofings, Ruberoid comes in attractive colors—Red, Brown, Green. These colors are not painted on—they are impregnated in the roofing under our patented process.

Valuable Book Free

Before deciding on any roofing for any purpose, send for a free book which tells about all kinds of roofings.

It tells what has been learned in twenty years of actual weather tests about tar, tin, shingle and ready roofings. It is a gold mine of practical roofing information.

RUBEROID
(REGISTERED IN U. S. PATENT OFFICE)
Be sure to look for this registered trademark which is stamped every four feet on the under side of all genuine Ruberoid. This is your protection against substitutes which many dealers brazenly sell as Ruberoid. Ruberoid is sold exclusively by us. We will tell you more about Ruberoid when you send for the free book.
